### **STORY of *STAR DRIVER***

In the southern edge of Japan lies the Southern Cross Island where its inhabitants lead a seemingly normal daily existence, but far beneath the surface a monumental secret lingers in silence—that is, until the dubious arrival of a boy named Takuto Tsunashi into Southern Cross High School. When it's revealed that a trove of approximately twenty giant machines called "Cybody" are sealed and hidden underground, Takuto and his classmates become embroiled with a ruthless, clandestine society bent on usurping this newfound power at any cost. The pivotal key to unlocking the "Cybody" lies within a special shrine maiden, and as old secrets stir and new ones begin to arise, how will Takuto deal with his own secrets? An intensive power struggle is about to erupt and tear apart the isle of Southern Cross!
