#### **ABOUT THE FATE/STAY NIGHT [HEAVEN’S FEEL] TRILOGY:**

*Fate/stay night* was originally developed as a visual novel by TYPE-MOON in 2004. An instant hit among the Japanese visual novel community, the anime series was produced by one of Japan’s top animation production studios, ufotable (*Fate/Zero*, *the Garden of sinners*), almost a decade later and now serves as a masterpiece enjoyed by fans both old and new. The *Heaven’s Feel* trilogy is the third route of the *Fate* series, also known as the Sakura Route.

Fuyuki City - a city surrounded by the sea and mountains - becomes the setting for an ancient ritual. Seven Masters are given control of Heroic Spirits in order to realize the mythical Holy Grail, which is said to grant its owner any wish. These Heroic Spirits, or Servants, represent legendary

heroes of various classes: “Saber,” “Lancer,” “Archer,” “Rider,” “Caster,” “Assassin,” and “Berserker.” Each Master will enter into a contract with their chosen Servant and battle the others to the death until only one pair remains... This is the “Holy Grail War.”

Seen through the eyes of Sakura Matou, who’s in love with the hero, Shirou, this tale will close in on the truth about the Holy Grail War. It is the saga following *Fate* (a.k.a. the Saber Route), depicting the wish of Saber, the Servant summoned by Shirou; and *Unlimited Blade Works* (a.k.a. the Rin Route), which, through the battles fought by the mage Rin Tohsaka, depicted the path taken by the hero, Shirou Emiya. In *Heaven’s Feel*, Sakura is taken under the protection of Shirou in his home. As the battle wages, unseen forces are put into play, and Shirou learns Sakura is more involved in the Holy Grail War than he could have ever imagined...
