Fans can now watch their favorite anime from Aniplex of America on go90 for free.

SANTA MONICA, CA (September 30, 2017) – At their industry panel for Anime Weekend Atlanta (Atlanta, GA), Aniplex of America announced that they will begin exclusively streaming the English dub for *anohana-The Flower We Saw That Day-* and *God Eater* on go90 beginning October. This endeavour is exciting news for anime fans on a tight budget, as go90 does not require fees to stream their content. Some other titles expected to be available on go90 include *Full Metal Alchemist: Brotherhood*, *Puella Magi Madoka Magica*, *Sword Art Online*, *Gurren Lagann*, and *Fate/Zero*.

“We are very excited to be partnering with go90 to provide more opportunities for anime fans to

stream their favorite shows,” says Aniplex of America President Shu Nishimoto. “Since anime is a relatively new venture for go90, we hope this partnership will be a perfect opportunity for more people to become anime fans.”

The English dub of *anohana -The Flower We Saw That Day-*, which premiered at Anime Expo 2017 in Los Angeles, features Xanthe Huynh (*Sword Art Online*, *Puella Magi Madoka Magica the Movie –Rebellion-*) as Menma, Erica Lindbeck (*Your lie in April*, *ALDNOAH.ZERO*) as Anaru, Ray Chase (*Charlotte*, *Final Fantasy XV*) as Yukiatsu, Erica Mendez (*KILL la KILL*, *Magi* franchise) as Tsuruko, Kaiji Tang (*The Asterisk War: The Academy City on the Water*, *Fate/stay night: Unlimited Blade Works*) as Poppo and Griffin Burns (*Fate/Grand Order -First Order-*, *Charlotte*) as Jintan. The dub is adapted and directed by fan favorite Patrick Seitz (*Durarara!!x2*, *KILL la KILL*), whose incredible English adaptation of *Your lie in April* received much acclaim.

“We had the opportunity to screen the first episode of the Anohana dub at Anime Expo this year, and it was such a pleasant surprise to see how many folks in the audience were coming to the show totally fresh—they hadn’t watched it subbed, and didn’t know what it was about,” says Seitz. “It’s really encouraging to know that Anohana will have another chance to shine, and be important to a whole new group of viewers.”

God Eater also hails an all-star English dub cast including Robbie Daymond (*Fate/stay night [Unlimited Blade Works]*, *ALDNOAH.ZERO*) as Lenka, Kyle Hebert (*Blue Exorcist*, *GURREN LAGANN*) as Lindow Amamiya, Crispin Freeman (*Durarara!! x2*, *Fate/Zero*) as Soma Schicksal, Michelle Ruff (*Durarara!!x2*, *The Asterisk War*) as Sakuya Tachibana, and Cherami Leigh (*Sword Art Online*, *Magi: the Kingdom of Magic*) as Alisa Ilinichina Amiella. The series brings the popular game into the anime forefront with its stunning visuals, beautifully choreographed battle sequences, and a pulse pounding soundtrack that sets the mood for each episode.

“Some anime based on video games fail to recreate the original’s graphic quality,” writes Lauren Orsini from Anime News Network in a 2015 review. “**God Eater** is the opposite. After getting a chance to view some of the source gameplay, it seems apparent to me that **God Eater** has visually leveled up in anime form.”

About *anohana -The Flower We Saw That Day-* :

Jinta Yadomi and his group of childhood friends had become estranged after a tragic incident split them apart. Now in their high school years, an unexpected surprise forces each of them to confront their guilt over what happened that day. They must overcome the burdens of their past, and come to terms with years of shame, hard feelings, and heartaches.

About *God Eater*:

In the early 2050s, unknown life forms called “Oracle Cells” began their uncontrolled consumption of all life on Earth. Their ravenous appetite and remarkable adaptability earned them first dread, then awe, and finally the name Aragami, the “Mad Gods.”

In the face of an enemy completely immune to conventional weapons, urban civilization collapsed, and each day humanity was driven further and further toward extinction.

The year is now 2071... the domain of the mad gods lies here in the Far East. One single ray of hope remains for humanity. Following the development of “God Arcs”—living weapons which incorporate Oracle Cells—their wielders are organized into an elite force. In a world ravaged by mad gods, these “God Eaters” fight a desperate war...
