Cast Comments

Sumire Morohoshi (voice of Tiné Chelc)

This is Sumire Morohoshi, voice of Tiné Chelc. The sheer scale of the story in Episode 0 alone left me reeling and very much looking forward to seeing how the TV series unfolds! I'll do my best to convey all of Tiné's charms. Thank you.

Tomokazu Seki (voice of Archer)

I'm delighted to say that I've spent quite a long time with Archer. Because of that, I've grown comfortable with this character, so I think the recording process was very smooth this time. He tends to appear in high places, but where and how will he show up this time? Keep your eyes peeled!

Yu Kobayashi (voice of Lancer)

Hello, everyone. My name is Yu Kobayashi, and I play the role of Lancer in *Fate/strange Fake*. I'm so grateful for your continued support of this series, and I'm deeply touched to be a part of bringing Lancer to life in the world of *Fate/strange Fake*. I love this character, and I'll take great care in their performance. I hope you enjoy the series once it arrives. Thank you all so much.
