About *TSUKIHIME -A piece of blue glass moon-*

TSUKIHIME -A piece of blue glass moon- collects the two tales that make up the "Near Side of the Moon" portion of the original *Tsukihime*: Arcueid's scenario, "Moon Princess," and Ciel's scenario, "Midnight Rainbow."

Creator Kinoko Nasu has painstakingly disassembled and rebuilt the story, updating the setting to 2010s Tokyo and expanding the narrative.

This reimagined presentation will exhilarate players with its hard-hitting tension and realism.

Featuring beautifully evolved visuals, animations, and music, *TSUKIHIME -A piece of blue glass moon-* presents a fresh take on TYPE-MOON's genre-defining classic.
